

A Dangerous Atrophy Novel Chapter 21 To 23

Chapter 21 Danny Shen, listen

When a person is humble to a certain extent, the final bottom line is-to be alive.

She looked at Susie, this young and immature face, this vivid and bright life, was beyond her reach in her entire life.

“You! How can you come out laughing!” Susie stomped, “Anna, I tell you, no amount of money you make is useless, because everyone looks down on you! Female models of Gongguān, they sell sugar daddy It’s more noble than you! If you do that kind of thing, and don’t even have self-esteem, who can value you?”

After speaking, he gave a cold snort and stopped looking at Anna. Anna Jian stood there for a long time before re-entering the bedroom, her face full of fatigue, Susie’s words still ringing in her ears...I just want to earn some tuition and living expenses, I will not be like You, for the sake of money, are willing to do everything.

Anna Jian laughed... She also has a shelter from the rain and wind just to earn some living expenses, and she can eat and eat without spending time with beggars on the street. Who cares about that money?

If she were to let her know, at that time, in the 606 box, taking care of Susie’s nosy business, would cause so much trouble today. If she was asked to choose her again, would she...

Thinking about it, fell asleep.

This sleep, when I wake up again, is the hospital.

“you’re awake.”

Anna Jian opened her eyes and whispered, “Alora, where is this?” When she spoke, her throat became dry and painful.

“Hospital.” Alora Smith cut an apple into small pieces, nailed it with a toothpick, and fed it into Anna Jian’s mouth: “Eat something before talking.”

Anna Jian was a little uncomfortable with the sudden care, but still honestly ate the apple fed by Alora Smith: "Sister Alora, why am I in the hospital?"

Speaking of this, Alora Smith was angry.

Her face sank, "Why are you in the hospital? I still want to ask you, how many days have you had a high fever?" If it wasn't for the fact that she didn't see Anna Jian coming to work last night, she ran out of Anna Jian's No one knew where Anna Jian had a high fever and died in the staff dormitory.

"I didn't see you in Donghuang last night. I went to your house and found that you were hot enough to boil eggs. You hit 120 quickly. When you were sent to the hospital, you had burnt up to 42 degrees, and your body was lacking. Water, even the doctor said, if you send it later, Hua Tuo will not be able to save you when he is alive."

Speaking of this, Alora Smith still has a lingering fear: "Would you not tell your roommate if you have a high fever? If you hold on hard, you almost lost your life!"

Anna Jian listened to Alora Smith's chattering, although Alora Smith was fierce, Anna Jian heard care, heart, there was a slight warmth, a touch of sourness, eyes that hadn't shed tears for many years, sore, Su The little care given by the dream seemed to be the only window in her entire life at this time, letting light in.

However, she is more concerned about gains and losses...If she never has, there will be no pain of loss.

And this point, Anna Jian already has a deep understanding.

"...Why?" After a long while, Anna Jian trembling voice, finally plucked up the courage to ask.

Why do you treat me so well.

An apple was stuffed into Anna Jian's mouth again, and Alora Smith gave Anna Jian a complicated look: "No one in this world treats you nicely anymore. If I'm not nice to you, who will love you." Anna Jian, she looks very much. She used to be. Perhaps, what Alora Smith said to Anna Jian just now was also to her former self.

The world is not good to you, and I won't be better to you, who will love you... Silly girl.

Distressed Anna, but also distressed the former self.

They are similar people.

Alora Smith looked at the woman on the hospital bed and tried to hide her emotions, but her eyelashes trembled, revealing her inner emotions.

There was another silent sigh, hey... this silly woman.

“Anna, can I ask you a question?”

“Sister Alora, ask.”

“What happened between you and Mr. Shen?” The man Danny Shen was indeed vicious, but he shouldn’t treat a woman like that.

“Can’t you say it?” Alora Smith saw Anna Jian’s face on the bed stiff, “I can’t say it.”

“Three years ago, I killed his beloved woman.”

Alora Smith held the toothpick in his hand, paused, and then fed the apple on the toothpick into Anna Jian’s mouth: “Actually? You didn’t kill people, right?”

“You can’t do murder maddening things.” Alora Smith said confidently, “What is the truth of the matter?”

At this moment, under repeated blows and humiliation, after suffering so much, there was no utterance, no tears flowed from Anna Jian, tears rained down!

Danny Shen! Look! Even a Sister Alora who has known her for less than half a year knows her so well!

Danny Shen! We have known each other for most of our lives!

Danny Shen! Listen! Finally someone believed that I didn’t have murder, and I didn’t do such nasty things!

“Woohoo~”

Alora Smith put down the toothpick in her hand. She didn’t try to persuade Anna not to cry, and slowly touched Anna’s furry head with her palm: “Hey, it’s okay. I know, how can you stupid woman have the courage to murder. No, It should be said, you stupid woman, proudly disdain to go to murder.”

Just about to walk away, Anna Jian on the bed suddenly opened his eyes and murmured:

“Sister Alora, I have to pay the debts, I have nothing left, I only have myself. Is it okay for me to use myself?”

As soon as he finished speaking, he closed his eyes and fell asleep again.

Alora Smith’s heart seemed to be pierced, with mixed feelings in his heart.

People who are very sick and confused are full of debts... Alora Smith can’t believe that such a person will do such nasty things.

Anna Jian said that everyone was calling her low... Anna Jian was low? If Anna is lowly, who is noble in the world?

This silly woman is proud to admire her!

Back then, I would cry bitterly when there was no one, and even thought of death, but Anna Jian, a stupid woman, bore this without saying a word.

As for those other people’s mouths, Anna Jian had betrayed the money she had obtained under her dignity, and this woman had never given it to herself with a second glance. Others don’t understand, but Alora Smith knows... This stupid woman doesn’t need dignity, and what she gets in exchange is not money, but freedom.

The man Danny Shen used five million to limit the freedom of a silly woman.

These five million are an astronomical figure for this silly woman now, which is firmly bound to her shackles.

At this moment, Anna Jian, a silly woman, was exhausting all her strength to break away from the shackles.

The egg touched the stone, knowing that it was bloody, but still reluctant to turn back... Manager Shen, did you go too far?

As the night darkened, Alora Smith returned to Donghuang Entertainment.

Just entered the office

“Where is she?”

“Mr. Shen? Who are you asking?” Alora Smith didn’t expect that Danny Shen would visit her office today and wait for her in the office.

“Anna Jian, where is she?”

It’s okay not to mention Anna. When she mentions Anna, Alora Smith gets angry for no reason.

Opposite is her boss, and the methods are so fierce, she can’t express her opinions no matter what.

Suffocating the anger in his stomach, Alora Smith reluctantly said, “Anna Jian asked for leave today.”

“Go and call her,” the man on the sofa seat said indifferently: “Who allowed her to ask for leave, did she earn five million?”

Alora Smith gritted her teeth repeatedly: “President Shen! Anna Jian is sick!”

“You seem to be very dissatisfied with me?”

“No.” Alora Smith’s expression changed, and she quickly said, “Anna Jian fell ill in the staff dormitory last night. If I hadn’t been there in time, her life would be lost. When the ambulance took her to the hospital, With a high fever of 42 degrees, the doctor said, if you come later, it will be really hopeless.”

Danny Shen’s heart moved, when he first heard that the woman was sick, her black pupils shrank suddenly.

One second, two seconds, three seconds... “Humah”, Danny Shen’s long body suddenly stood up.

Without saying a word, he raised his foot and walked outside the office. When passing by Alora Smith, he asked, “Which hospital?”

Um... what does President Shen mean?

Alora Smith subconsciously said: “The First People’s Hospital, inpatient department 7012 ward.” In order to give Anna Jian a good recuperation environment, and Anna

Jian's condition was not very good at the time, according to the doctor, he had to hang up several times. God can be better and more thorough. Alora Smith didn't want to save money, so she made Anna Jian a ward.

Alora Smith looked at Danny Shen's back walking away, and suddenly called out, "President Shen, I just came back from the hospital. When I left, she just fell asleep." The implication was to tell Danny Shen not to go, save Both disturbed Anna to rest.

"I will explain about today's work later, and I will cook the soup for her to take it back." Alora Smith said again.

Danny Shen's slender thighs didn't mean to stop, "You don't need to go, I will let someone make soup for her to take it over."

So... Mr. Shen, what exactly do you mean? Alora Smith looked strangely as she watched Danny Shen's back disappear into the corner.

...

Downstairs of Donghuang Entertainment, Danny Shen got into the car and called: "Elior, you can help me take a trip to Zhende Zhai, buy some light liquid food, and send it to the 7012 Ward of the First People's Hospital."

"Um...who is sick?"

"Don't ask so much to buy it," Danny Shen ordered "Delivered within half an hour."

"Damn! I'm Superman? Fly over?" For half an hour, Elior almost didn't explode after Danny Shen's exit. I had to complain to Danny Shen on phone, who hung up the phone mercilessly.

day!

Elior put on his clothes casually and rushed downstairs.

While going downstairs, he started calling: "...Yes, I need these. I will pick it up in a quarter of an hour. Quickly." After talking, I hung up the phone and began to feel Danny Shen's ancestor ten. Eight generations greeted it all over.

Who is sick anyway? Still need to work Danny Shen to move the crowd.

Even when Adriana was ill, she didn't see Danny Shen galloping.

...

Danny Shen walked into Anna's ward, and nodded in her heart for the single ward that Alora Smith chose... Alora Smith would do something.

God knows that Alora Smith didn't just get Anna Jian a good ward for Danny Shen.

The slender thigh stepped towards Anna's bed, and the man stared at the woman on the bed, the complexity in his dark eyes, but he didn't even notice it.

Danny Shen never thought that a person would change so much after three years.

The small and exquisite face at the time became a little unrecognizable, and the dull skin lost its brilliance. If you look carefully, you can still find the facial features of the Jian family, but it is no longer the original taste.

Puffy eye bags, messy eyebrows, dry lips, rough skin... only three years!

At this time, the person on the hospital bed moved slightly, turned his head, and the bangs covering his forehead slid down, revealing the scars covered by the bangs.

Danny Shen's eyes were sharp for an instant. She curled her brow and looked at the obstructive scar for a long time. She couldn't help but stretched out her hand. As soon as she touched the scar on Anna Jian's forehead, the woman on the bed woke up.

moment!

Avoid that hand in horror!

How could he come? What does he want to do!

Danny Shen's face was not worried.

Hide him?

As if not convinced, Danny Shen stretched out his hand to Anna again... "Hahla" Anna almost subconsciously picked up the quilt, and suddenly retracted his head into the quilt.

Danny Shen looked at the woman who was shrouded in the quilt, her face cold and scary!

This damn woman is really hiding from him!

Watching motionlessly at the ball huddled in the quilt, it was vaguely visible that the quilt was shaking.

After Anna Jian hid in the quilt, she began to regret it. Why did she hide in the quilt? If Danny Shen troubles her, it will be useless for her to hide in outer space. What's the use of hiding in the quilt?

Danny Shen said with a "huh", and pulled off Anna Jian's quilt with big hands. His voice was suddenly cold and bitter, his thin lips closed, and he slowly asked, "You hide from me?"

Chapter 23 He ki\$\$ed Her

"No!" Anna Jian hurriedly said, "I did not hide from Mr. Shen.

lie!

He is simply hiding from him!

but.....

"What's wrong with your voice?" Her voice is dumb like this?

"Sick and sore throat." Anna Jian lowered his eyelids and refused to say more.

"Are you afraid of me?"

Jane Tong's eyelids twitched and no longer refuted.

The man stood by her hospital bed and raised his eyebrows slowly, making his heart even more unhappy.

Suddenly leaning forward, Danny Shen put one arm on the mattress under Anna Jian's horrified sight, and suddenly narrowed the distance between the two.

With the other hand stretched out towards Anna, Anna retracted subconsciously, and Danny Shen said calmly, "Don't move."

Seeing Anna Jian really behaved a lot, Danny Shen moved his fingers away from Anna Jian's bangs, and touched the scar on her forehead. Anna Jian's whole body was not good, and the cold touch of Danny Shen's fingers was really ignorable. .

Danny Shen touched Anna's scar with her finger, and pressed her lips without leaving a trace. He asked unhappily, "Where did this scar come from?"

Anna Jian glanced at Danny Shen in front of him... hypocritical!

Doesn't he know where it came from?

But he replied: "It's broken." Thanks to you... She added another sentence in her heart.

The finger rubbed the scar, rubbed it, and then it went down more and more, touching her lips.

The touch from the fingertips was dry, peeling, and pale in color.

Anna Jian didn't dare to move casually, stiffly leaned back his neck, and was held most of his face by his big palm.

The thumb rubbed against such a lip. It was strange that it was not as matte and tender as jelly, and not as blooming as a coquettish rose. The pale skinned lips aroused him inexplicably.

Danny Shen's eyes grew deeper and deeper, and the next second he swallowed her unceremoniously.

Hot lips covered her. Anna Jian was helpless, passively accepting Danny Shen's domineering ki\$\$.

So sweet... Danny Shen was completely immersed in the beauty of this ki\$\$. After asking the ki\$\$, after recollecting, our Mr. Danny Shen suddenly remembered something.

"Is it my ki\$\$, or the bast*rd Henry Xiao?"

Anna Jian was still in a daze, and her pale face was a lot rosier because of this ki\$\$\$. Before she recovered, she heard Danny Shen asking with a cold face.

“what?”

Ah for what? Danny Shen frowned: “I’m asking you something. Is it mine or Henry Xiao’s bast*rd?”

What the hell is this...

Seeing Anna Jian’s delay in answering Danny Shen, she was annoyed.

On this question, it takes so long to think about it?

Is Henry Xiao’s bast*rd ki\$\$\$ great? Let her have such a long aftertaste?

Danny Shen’s name came quickly, Anna Jian didn’t even figure out what was going on, so he snorted and was crushed on the bed. The next second, Danny Shen’s black head was pressed down, Anna Jian With a sound of “Hmm,” the lips became hot, and a crazy and intense ki\$\$\$ rushed toward his face.

Biting and biting, he must hurt her! Danny Shen couldn’t understand the thoughts in her heart, couldn’t figure out the weirdness in her heart, even if the woman under him at the moment was the culprit who killed Adriana three years ago, even if he hated her.

But he would never allow this woman to have other men in her heart!

Henry Xiao can’t do it! No one can do it! Except for Danny Shen, even if Anna Jian lived in his hatred all his life, he would never allow Anna Jian to live in other men in his heart!

Danny Shen didn’t even think about why he only had such a crazy and domineering desire for monopolization of Anna Jian.

He believes that he hates this woman, and he never thinks about why he cares so much about Anna’s every move.

Later, he regretted countless times, what he did to her today and three years ago.

“Cough cough cough.”

There was a cough outside the door of the ward. Anna Jian was startled, and subconsciously pushed to Danny Shen's shoulder, but the man was more stubborn, with his arms hoop, he arrogantly grabbed the woman under him again, and grabbed a big palm. Half of Anna Jian's face, and his lips, ki\$\$ed unscrupulously, not caring that there was a third person in the ward.

Anna Jian's face flushed to the bottom of her ears. Throughout the ward, she could hear the sound of water stains made by Danny Shen when she ki\$\$ed her.

While ki\$\$ing, Danny Shen opened his eyes without a trace, her dark eyes locked the face of the woman in his arms, he was very satisfied with her intoxicated gesture.

Only then got up contentedly, and gracefully glanced at the door of the ward from the corner of his eye.

With a lazy voice, he asked lazily, "What are you doing?"

Damn... trough!

Elior is about to beep the dog!

On the phone who asked him to pack liquid food and deliver it, who in turn asked him what to do?

Danny Shen...Can you be more shameless!

I took the middle and large heat preservation box and placed it on the cupboard next to the bed: "In the future, don't do this kind of thing in such a fair way. Doing this kind of thing in broad daylight will be detrimental and will harm the city."

Danny Shen didn't react at all, Anna's toes were red.

She buried her head in shame, wishing to find a place to sew in.

Just now, with so many things happening, Anna Jian's mind was a little confused...Danny Shen ki\$\$ed her?

Why did Danny Shen ki\$\$ her suddenly?

Anna Jian was confused.

The heart that had been dead for a long time was shaken for a moment.

Elior pulled Danny Shen a hand, and Danny Shen was pulled outside the ward.

“She, she...Anna?” Elior knew in his heart that it was Anna, and he recognized it in 606’s box that day. But what he couldn’t believe was that Danny Shen pressed Anna Jian under him and ki\$\$ed him?

“Don’t you see it yourself?”

“No!” Elior grabbed Danny Shen, who turned around and was about to enter the ward: “Danny Shen, you are not moved by her, are you?”

bass!

At this time, Elior successfully prevented Danny Shen from leaving, and the man slowly turned around, staring at Elior dangerously: “Who are you talking about? Who is she?”

“Anna.” Otherwise, who else... Elior’s scalp numb by Danny Shen’s eyes, brother, my dear brother, don’t use your shots at me anymore, will you succeed?

Didn’t he just put forward a reasonable guess, as for!

When Danny Shen entered the ward again, she was covered with a layer of frost, just like a moving ice cellar!

Glancing at Anna Jian coldly, his thin lips spit out cold words: “Let’s eat, the food on the cabinet was specially bought by Elior.”

Anna Jian opened her mouth and stared at Danny Shen blankly, but only she knew that a certain corner of her heart was slowly opening the door that had been silent for a long time.

“After all, it’s for sale. Since it’s for sale, I ki\$\$ed you. Of course, I have to give you some benefits.” As he said, he took out the wallet, took out a large stack of cash from it, and inadvertently threw it in Anna’s Hospital bed: “These are the reimbursement for your hospitalization by the company. Not enough to talk to Alora Smith.”

Boom!

The locked door opened a small gap, and it was closed again!

"If you are optimistic about the disease and take care of your body, you can make money for me.

Danny Shen left, and Anna Jian on the hospital bed looked like ashes.

She thought he felt a little bit for her before ki\$\$ing her, he thought it might be a xinhào... she was wrong!

This man hates her, hates her as always!

He will only torture her and humiliate her. Won't love her.

Yeah, she was stupid again.
